VIETNAM

Covid-19 has wreaked havoc on recent progress made re child labour in Vietnam with many children not returning to school and vulnerable families suffering due to insufficient social protection systems.

TIMOR LESTE

Child labour is very common in rural areas of Timor Leste where children are expected to help on the family plot or farm – often undertaking hazardous tasks – and to help pay family debt.

THE PHILIPPINES

Children in the Philippines engage in some of the worst forms of child labour, including commercial sexual exploitation, drug trafficking and armed conflict.

AUSTRALIA

We all love chocolate! Australian schools have a great track record in challenging confectionery companies to address the issue of child labour.
